DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

CSE ASSOCIATION EVENTS REPORT 2025-26

1.CSE Association Inauguration

Date: 17 March 2026

Event Coordinator: Sabari S(Association Chair)

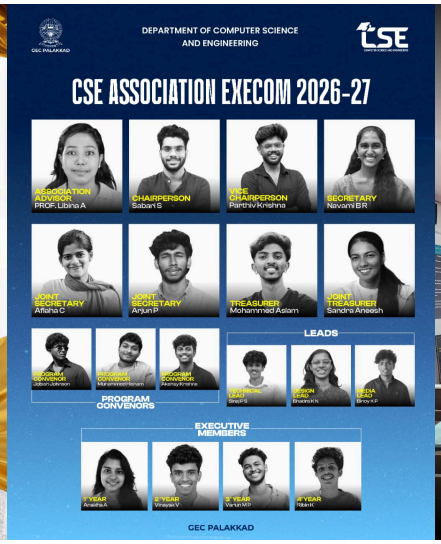

Event Description: The formal inauguration of the Computer Science & Engineering Association for the academic year 2025-26 held at CSE UG Seminar Hall. The inaugural ceremony marked the official commencement of co-curricular, technical, and academic activities planned by the department for the current academic session, providing a unified platform to foster technical innovation, research aptitude, and professional development among students.

The session formally opened with a welcoming address by **Sreelakshmi**, who greeted the dignitaries, faculty members, and student delegates. Sreelakshmi outlined the agenda for the academic year and emphasized the vital role of active student participation in bridging the gap between classroom pedagogy and industry demands. The formal inauguration of the association was solemnly performed by **Prof. Helen K J**, Head of the Computer Science & Engineering Department. Principal **Dr. K R Remesh Babu** delivered the presidential address, commending the department's proactive efforts in organizing technical workshops and industry interactions.

The principal urged students to leverage the association's ecosystem to build competitive skill sets, participate in national-level innovation challenges, and contribute meaningfully to technological advancements.

The inaugural proceedings were spearheaded under the leadership of Association Chair **Sabari S** and Secretary **Navami B R**. Addressing the gathering, Sabari S presented the association's strategic roadmap, emphasizing planned technical symposiums, hands-on software workshops, hackathons, and mentorship programs for lower-semester students. Assistant Prof. **Libina A** (Association Advisor) delivered an inspiring felicitation speech, praising the student executive body for their initiative and encouraging members to strive for academic and technical excellence. The ceremony concluded with a formal vote of thanks, marking a promising commencement toward collective achievement and academic growth for the CSE department.

2. CSE 2022-26 Batch Farewell

Date: 27 March 2026

Event Coordinator: Sabari S(Association Chair)

Event Description: The CSE Association hosted a formal **farewell ceremony** to honor and celebrate the achievements, contributions, and memories of the graduating B.Tech batch of **2022–2026** at GEC Palakkad. The event acknowledged the outgoing students' academic milestones, technical initiatives, and leadership across departmental activities and campus life. Department faculty members and junior students extended heartfelt felicitations, offering guidance and best wishes for their upcoming professional and higher education journeys. The program featured commemorative addresses, interactive memory-sharing segments, and the presentation of mementos, concluding with expressions of gratitude from student representatives.

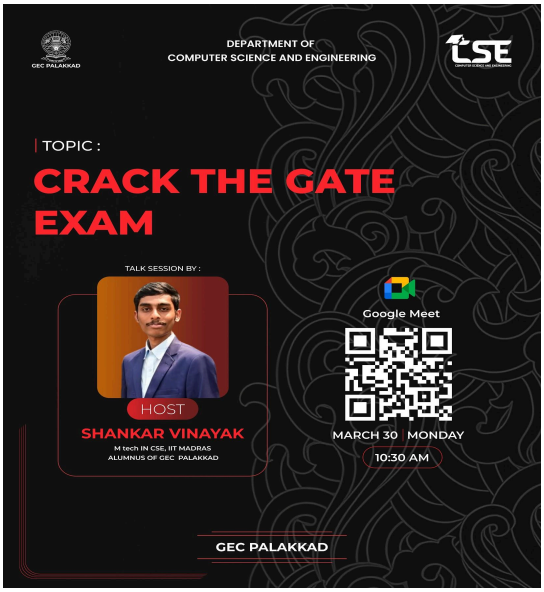

3.Crack the GATE Exam

Date: 30 March 2026

Event Coordinator: Aflaha C(Association Joint Secretary)

Event Description: The Department of Computer Science and Engineering, GEC Palakkad, organized a technical guidance session titled "**Crack the GATE Exam**", featuring alumnus Shankar Vinayak, currently pursuing his M.Tech at IIT Madras. The speaker delivered comprehensive insights into the structural pattern of the **Graduate Aptitude Test in Engineering (GATE)**, outlining core computer science syllabus priorities, subject-wise weightage, and time-management strategies. The session concluded with an interactive Q&A segment, allowing participants to address queries regarding competitive examination preparation, resource selection, and postgraduate admission pathways at premier institutions.

4. Let's Git It

Date: 8 April 2026

Event Coordinator: Parthiv Krishna(Association Vice Chair)

Event Description: The Department of Computer Science and Engineering, GEC Palakkad, in collaboration with **Void Minds**, organized a **technical workshop** titled "**Let's Git It**", led by Muhammad Fahad. The session focused on the fundamentals of version control systems and their critical role in modern software engineering and open-source collaboration. Participants gained hands-on insights into repository initialization, commit tracking, branch management, and conflict resolution using **Git and GitHub**. The interactive tutorial effectively bridged theoretical concepts with industry practices, equipping students with essential tools for collaborative software development and repository management.

5.GATE way to Opportunities:Awareness Session on GATE

Date: 29 May 2026

Event Coordinator: Aflaha C (Association Joint Secretary)

Event Description: The Department of Computer Science and Engineering, GEC Palakkad, conducted an expert-led awareness session titled "**GATEway to Opportunities**", featuring **Prof. Soni P**, Assistant Professor at Government Engineering College, Thrissur. The session aimed to orient students on the strategic significance of the **Graduate Aptitude Test in Engineering (GATE)**, highlighting its role as a gateway to post-graduate studies at premier institutions and recruitment opportunities in major Public Sector Undertakings (PSUs). Prof. Soni P detailed subject-wise weightage analysis, systematic study techniques, and exam-day strategies. The session concluded with an interactive Q&A segment, addressing individual student queries and instilling confidence for competitive examination preparation.

6.Interview Preparation Session

Date: 26 July 2026

Event Coordinator: Navami B R(Association Secretary)

Event Description: The Department of Computer Science and Engineering, GEC Palakkad, in collaboration with **GeeksforGeeks**, organized an online **interview preparation workshop** featuring Mallesh am Devasane, Associate Director at GeeksforGeeks. The session focused on bridging the gap between academic learning and corporate placement requirements. The speaker delivered strategic insights into technical interview readiness, covering algorithmic problem-solving techniques, core computer science concepts, and effective resume-building practices. The workshop provided participants with actionable guidelines on navigating competitive coding rounds and technical interviews, boosting their readiness for upcoming campus placement drives.

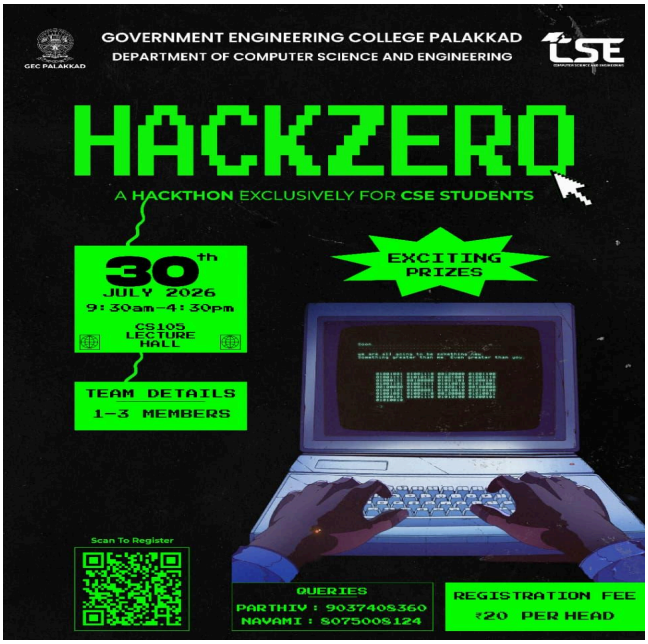

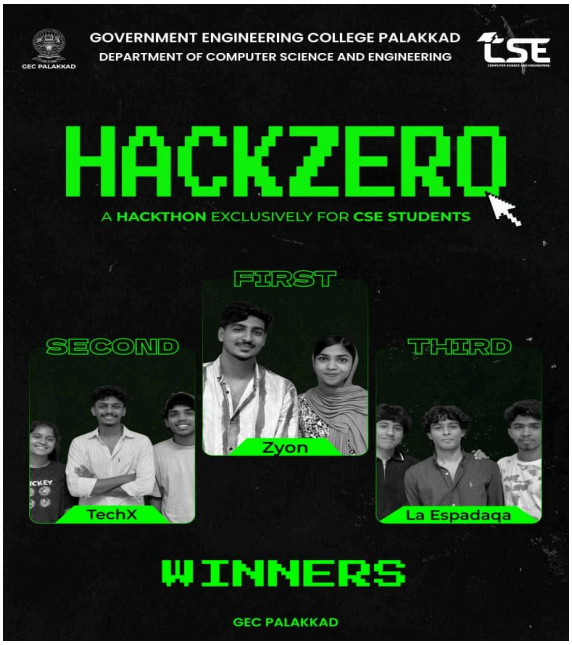

7.HACKZERO : A Hackathon for CSE Students

Date: 30 July 2026

Event Coordinator: Parthiv Krishna(Association Vice Chair)

Event Description: The Department of Computer Science and Engineering, GEC Palakkad, organized "**HACKZERO**," an exclusive intra-departmental **hackathon** tailored for CSE students. The competition aimed to foster experiential learning, technical creativity, and rapid prototyping capabilities among aspiring software developers. Participating teams of one to three members collaborated under time constraints to design, code, and deploy innovative technological solutions addressing real-world problem statements. Evaluated on code efficiency, originality, and implementation, the hackathon provided an engaging platform for peer collaboration, practical application of programming fundamentals, and talent discovery within the department.

8. Research Paper Writing & Publishing Workshop

Date: 09 September 2026

Event Coordinator: Navami BR(Association Secretary)

Event Description: The Department of Computer Science and Engineering, GEC Palakkad, organized an online expert session titled "**Research Paper Writing & Publishing**," led by **Dr. Princy Ann Thomas, Associate Professor, Department of CSE**. The workshop aimed to orient students and aspiring researchers on the fundamental methodologies of academic paper drafting, literature review structuring, and navigating peer-review publishing workflows. Dr. Princy Ann Thomas shared actionable guidance on identifying suitable indexing journals, maintaining academic integrity, and adhering to standard technical formatting guidelines. The session concluded with an interactive Q&A segment, providing attendees with practical clarity on launching their research endeavors.
